

Dear Honored Guests:

Welcome! *The Spa and Salon at Amelia Island Plantation* is dedicated to our guests and our environment, and we are proud of being “Clean and Green.” What this phrase means to you is that we select our products carefully to ensure that each one is free from harmful chemicals, artificial ingredients and preservatives. In addition, it is our goal to educate our guests with each spa experience.

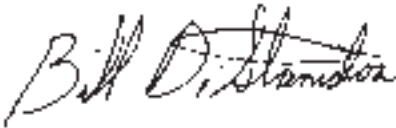

Our retail boutique carries a vast array of the purest, most earth-friendly skin and body care products, as well as books, music, candles, diffusers, robes and, of course, our exclusive Spa Teddy Bears!

It is our pleasure to offer organic massages, facials, scrubs, wraps, hydrotherapy, retreat packages, Treehouse Yoga, children’s spa programs and various educational classes. Please visit our website for details at www.spaamelia.com.

Our full-service Salon follows our same “clean” commitment by using Aveda hair products and chemical-free nail formulations.

We invite you to share with us “The Simple Life” and return to nature with clean, green and healthy living!

Holistically yours,

A handwritten signature in black ink that reads "Bill Di Stanisloa". The signature is fluid and cursive, with the first name "Bill" being the most prominent.

Bill Di Stanisloa

Director, Spa and Salon

Leader, Amelia Island Plantation Green Program
